Dear Ms. Graunke:

I am writing in support of establishing a Pi Sigma Epsilon (PSE) chapter in the College of Business at Nicholls State University. Considering the interest that we have in our professional sales and financial services marketing programs, I believe that a PSE chapter makes a lot of sense for our business school at this point in time. As dean, I will use my office to ensure the success of the chapter.

In the event that you should have any questions, or if additional information is required, please do not hesitate to contact me.

Sincerely,

Shawn Mauldin, PhD
